

# JULIA KASNITZ

PORTFOLIO 2026

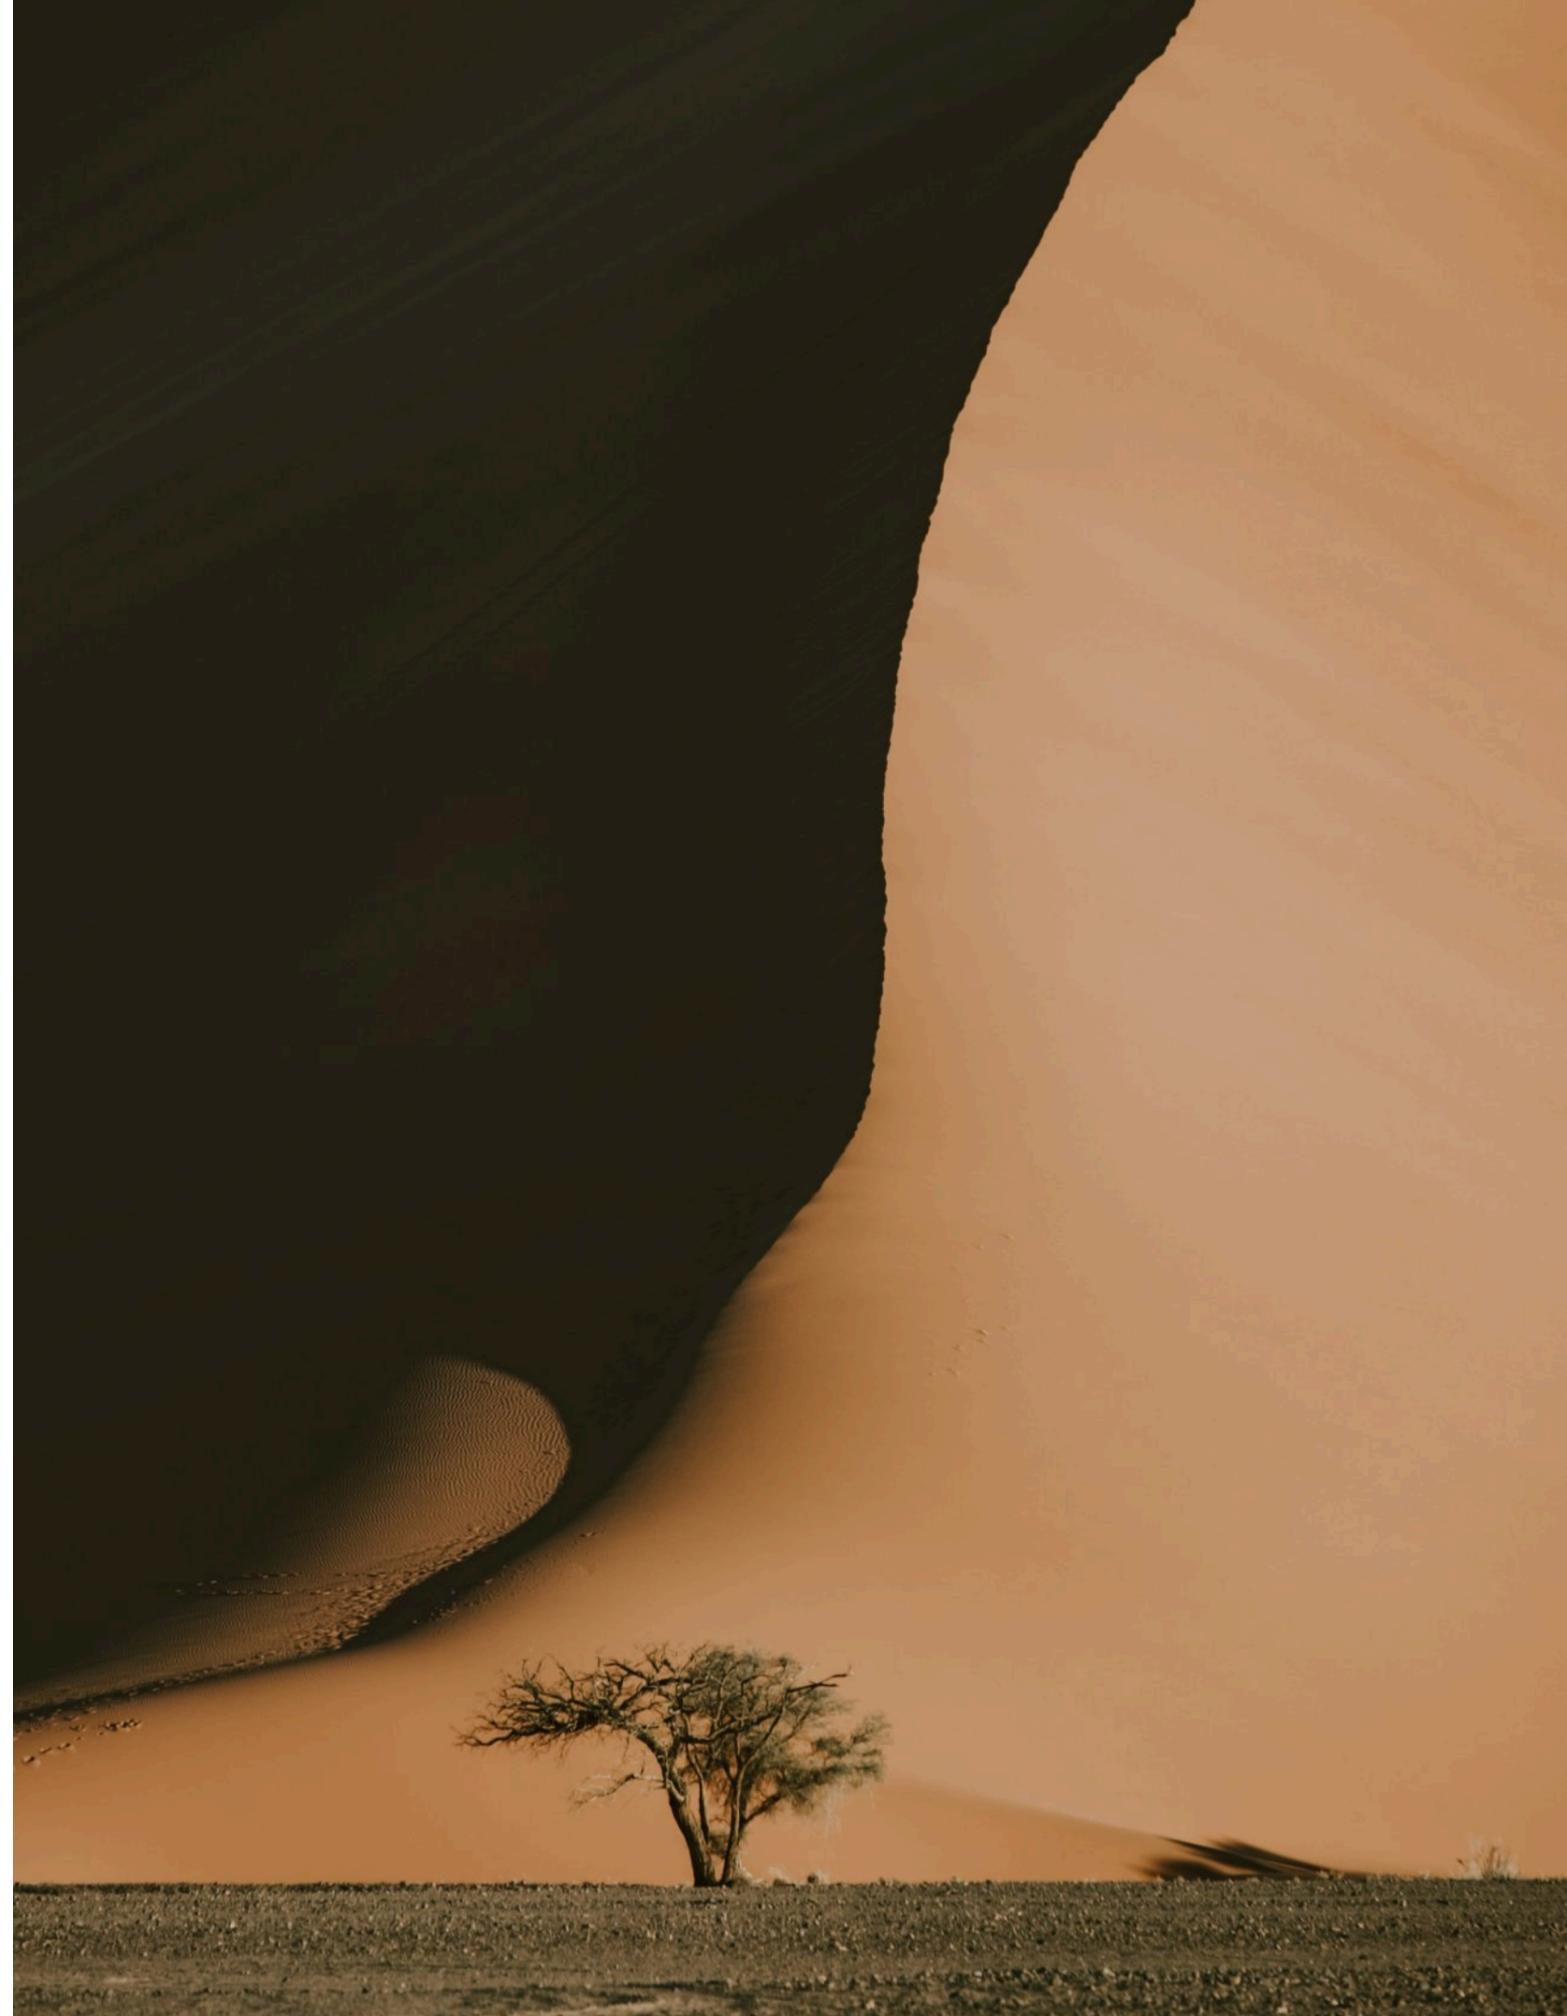

SEEING THE WORLD BEYOND THE NOISE

# PHILOSOPHY

My work is rooted in celebrating the beauty, connection, and hope that surround us, even in a fast-moving world.

Through my photography, I focus on the moments that inspire wonder, the wild places that spark awe, and the quiet reminders of what makes life meaningful.

I believe that when we see the beauty in the world, we find the strength to cherish and protect it. My images are an invitation to pause, to feel inspired, and to remember what truly matters.

# ABOUT ME

I was born and raised in southern Germany, near the Alps, where nature was always close. Photography accompanied me quietly for years, before I chose it as my path in 2020.

With a background in Film and Media Studies as well as International Development, my work is rooted in storytelling and connection.

My photography is intuitive and grounded in presence. I believe a place reveals itself only when you truly stand within it — and through my work, I seek to remind us of the beauty still worth protecting.

# PORTFOLIO

Through my photography, I capture the untamed beauty of nature, the quiet magic of light, and the deep connection between people and places.

My work is rooted in storytelling — inviting viewers to slow down, feel, and see the world with fresh eyes.

I collaborate with clients, that share my passion for conservation, authenticity, and meaningful experiences.

From remote landscapes to hidden paths, my images are an invitation to explore, appreciate, and protect the world around us.

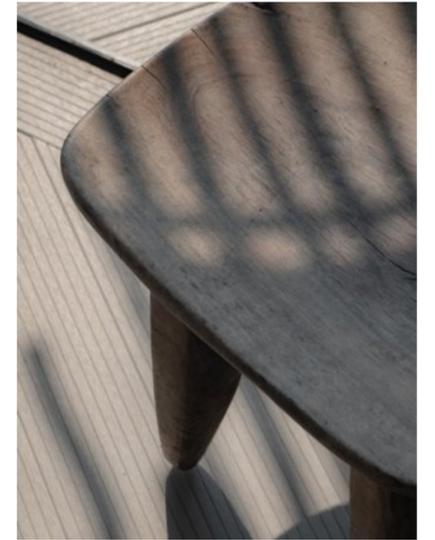

# SPACES

I just love capturing the essence of beautiful spaces, with a focus on hotels and retreats that celebrate nature and simplicity.

My approach is rooted in storytelling — showing not just a space, but the feeling it evokes. I'm drawn to places where guests can slow down, reconnect with the beauty of simple things, and experience the luxury of thoughtful design and natural materials.

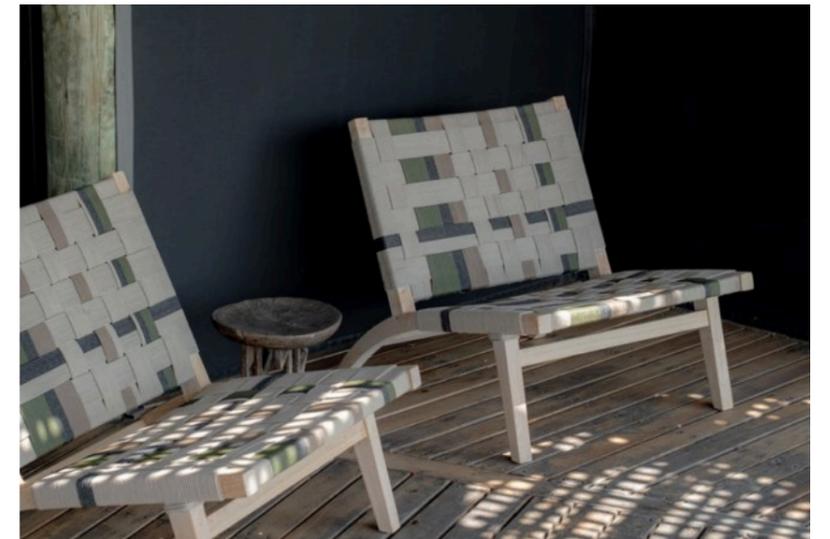

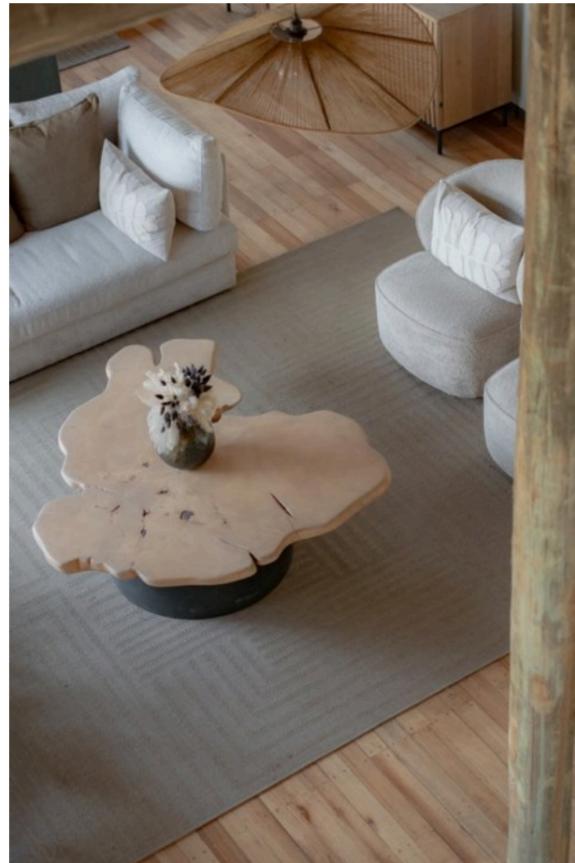

I believe in highlighting the harmony between a space and its surroundings, ensuring every image reflects the authenticity and quality that make it unique.

# PLACES

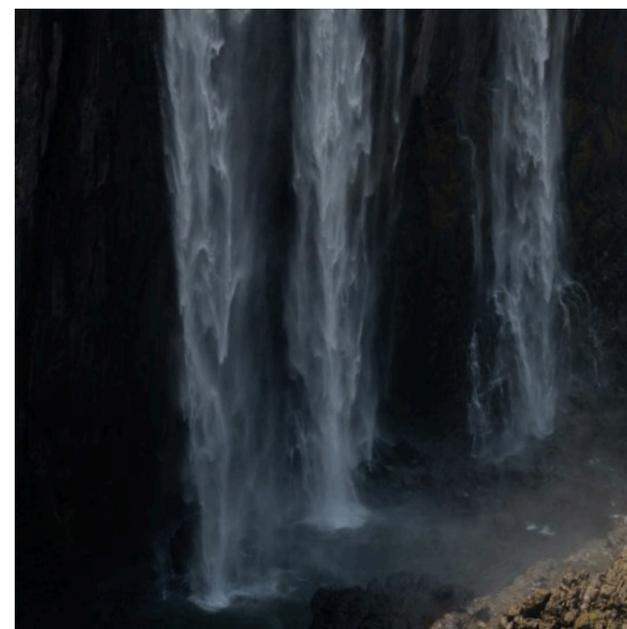

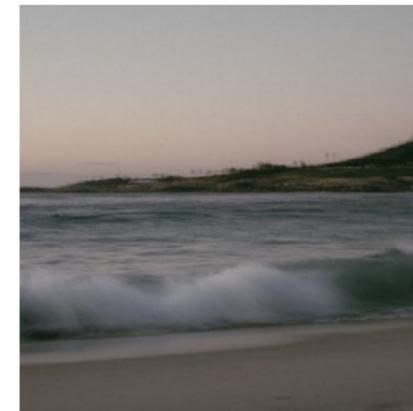

I am drawn to places that still feel wild – where nature remains untamed, and time flows with purpose.

In a world that moves ever faster, I seek the quiet magic of a sunrise, the warmth of a fire, and the freedom found in simplicity. These are the places that make me feel truly alive, and it's my passion to capture their essence.

Through my work, I aim to share the raw beauty and profound sense of freedom these places inspire, inviting others to reconnect with the world as it was meant to be.

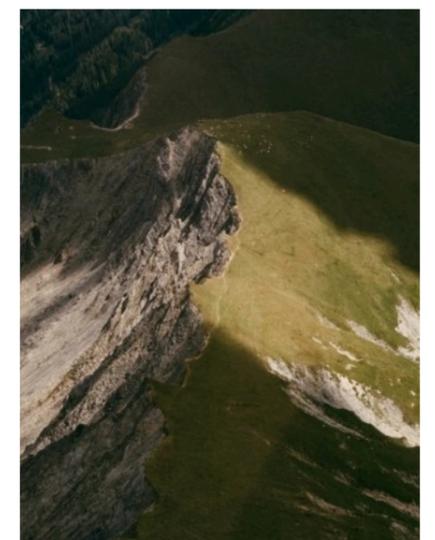

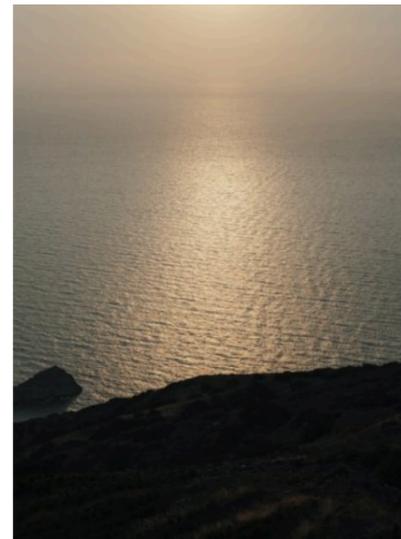

## WHERE LIFE MOVES

Moments of movement and presence in the wild. From untamed animals to fleeting human traces, this is where life reveals itself through motion, instinct, and connection.

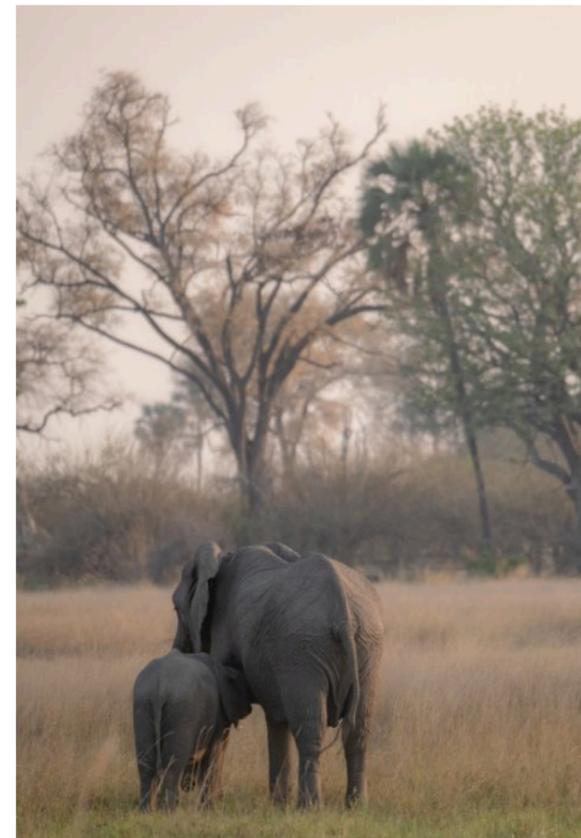

## WHERE LIGHT TRANSFORMS

Changing light across landscapes and living forms — soft dawns, fading shadows, and the moments where light reshapes both land and life.

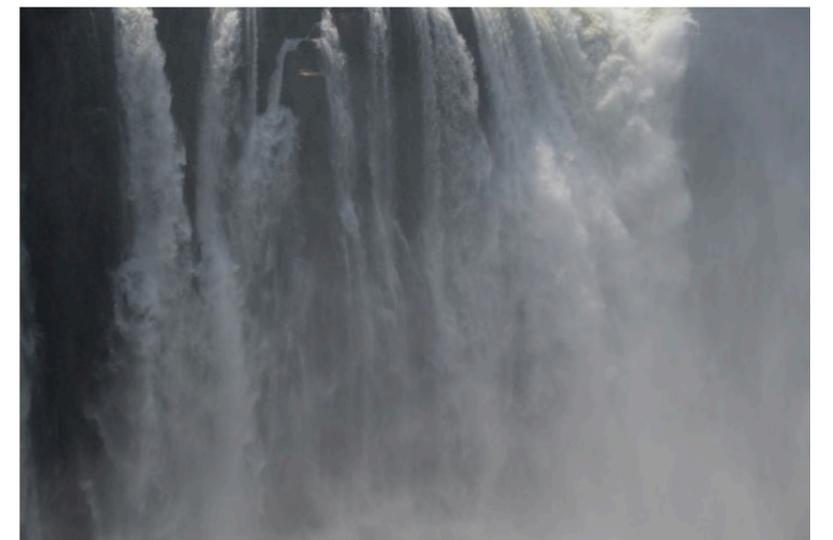

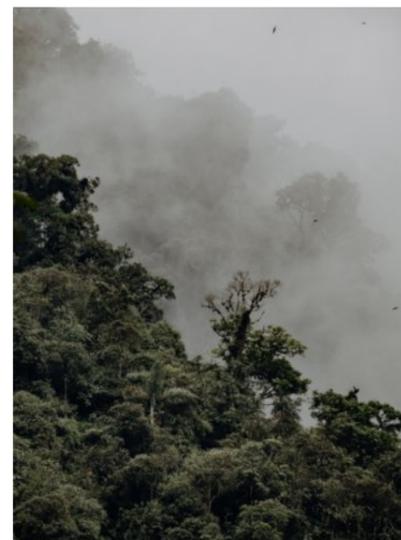

## WHERE SILENCE SPEAKS

Quiet places and watchful moments, where stillness surrounds both land and life. Spaces where presence is subtle, and silence becomes a shared experience.

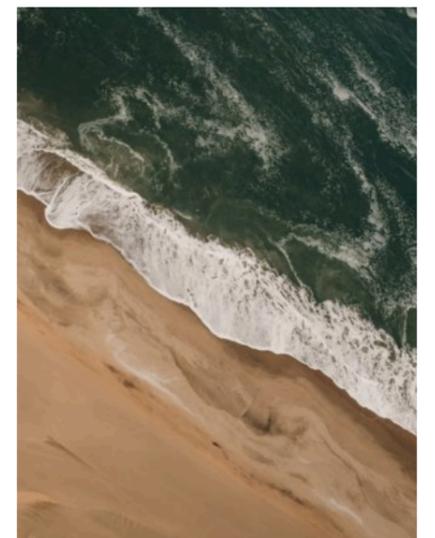

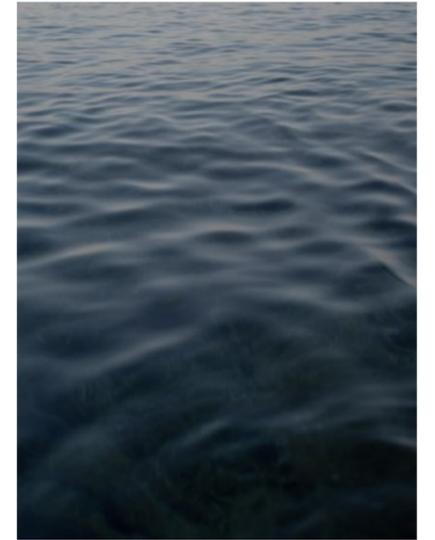

## WHERE EARTH BREATHES

Landscapes and living elements in constant exchange. From wind and water to the creatures moving within them, this is where nature shows its restless pulse.

## WHERE TIME LINGERS

Ancient landscapes and enduring lives shaped by time — where land, creatures, and traces of existence carry the weight of slow change.

# LIFESTYLE

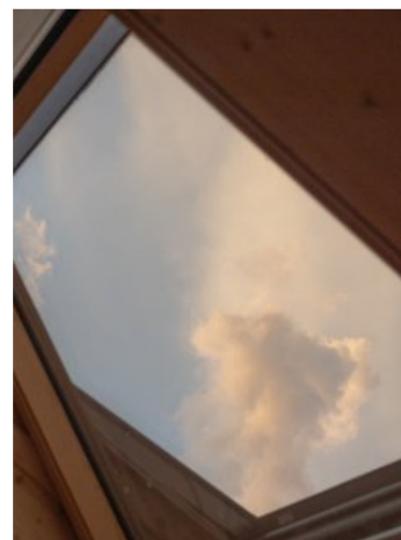

My lifestyle photography is about capturing the essence of how we live, connect, and find meaning in the world around us.

It's a celebration of the everyday and the extraordinary, the fleeting moments and the timeless bonds.

Whether it's the freedom of the open road, the connections we share with others, or the quiet beauty in the simplest moments, I strive to create images that tell authentic stories and evoke a sense of wonder.

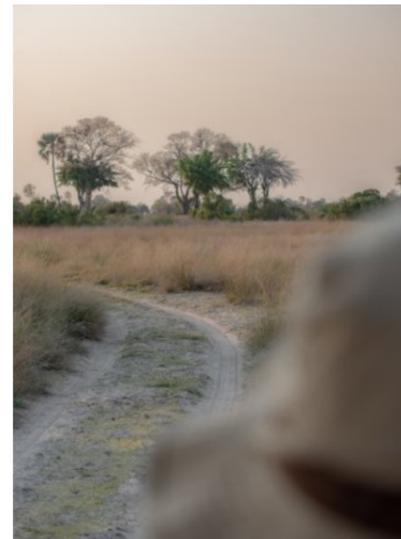

## SIMPLE MOMENTS

Sometimes, the most beautiful things are the simplest — sharing a meal, the glow of morning light, or the quiet pause in a busy day. I strive to honor these fleeting, everyday moments that remind us of life's profound yet humble magic.

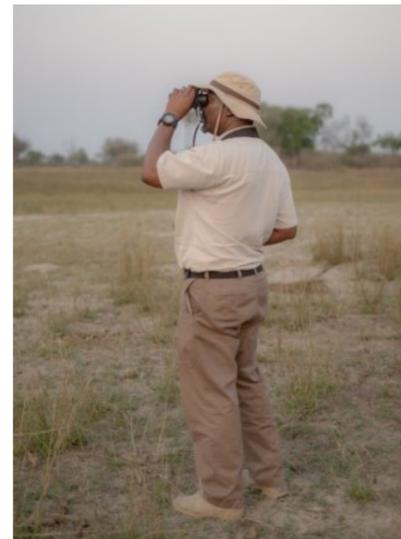

## ON THE ROAD

There's a unique freedom in traveling that inspires me — the open landscapes, fleeting encounters, and the ever-changing rhythm of life on the move. Through my lens, I aim to reflect the thrill, unpredictability, and soulfulness of life on the road.

## PEOPLE

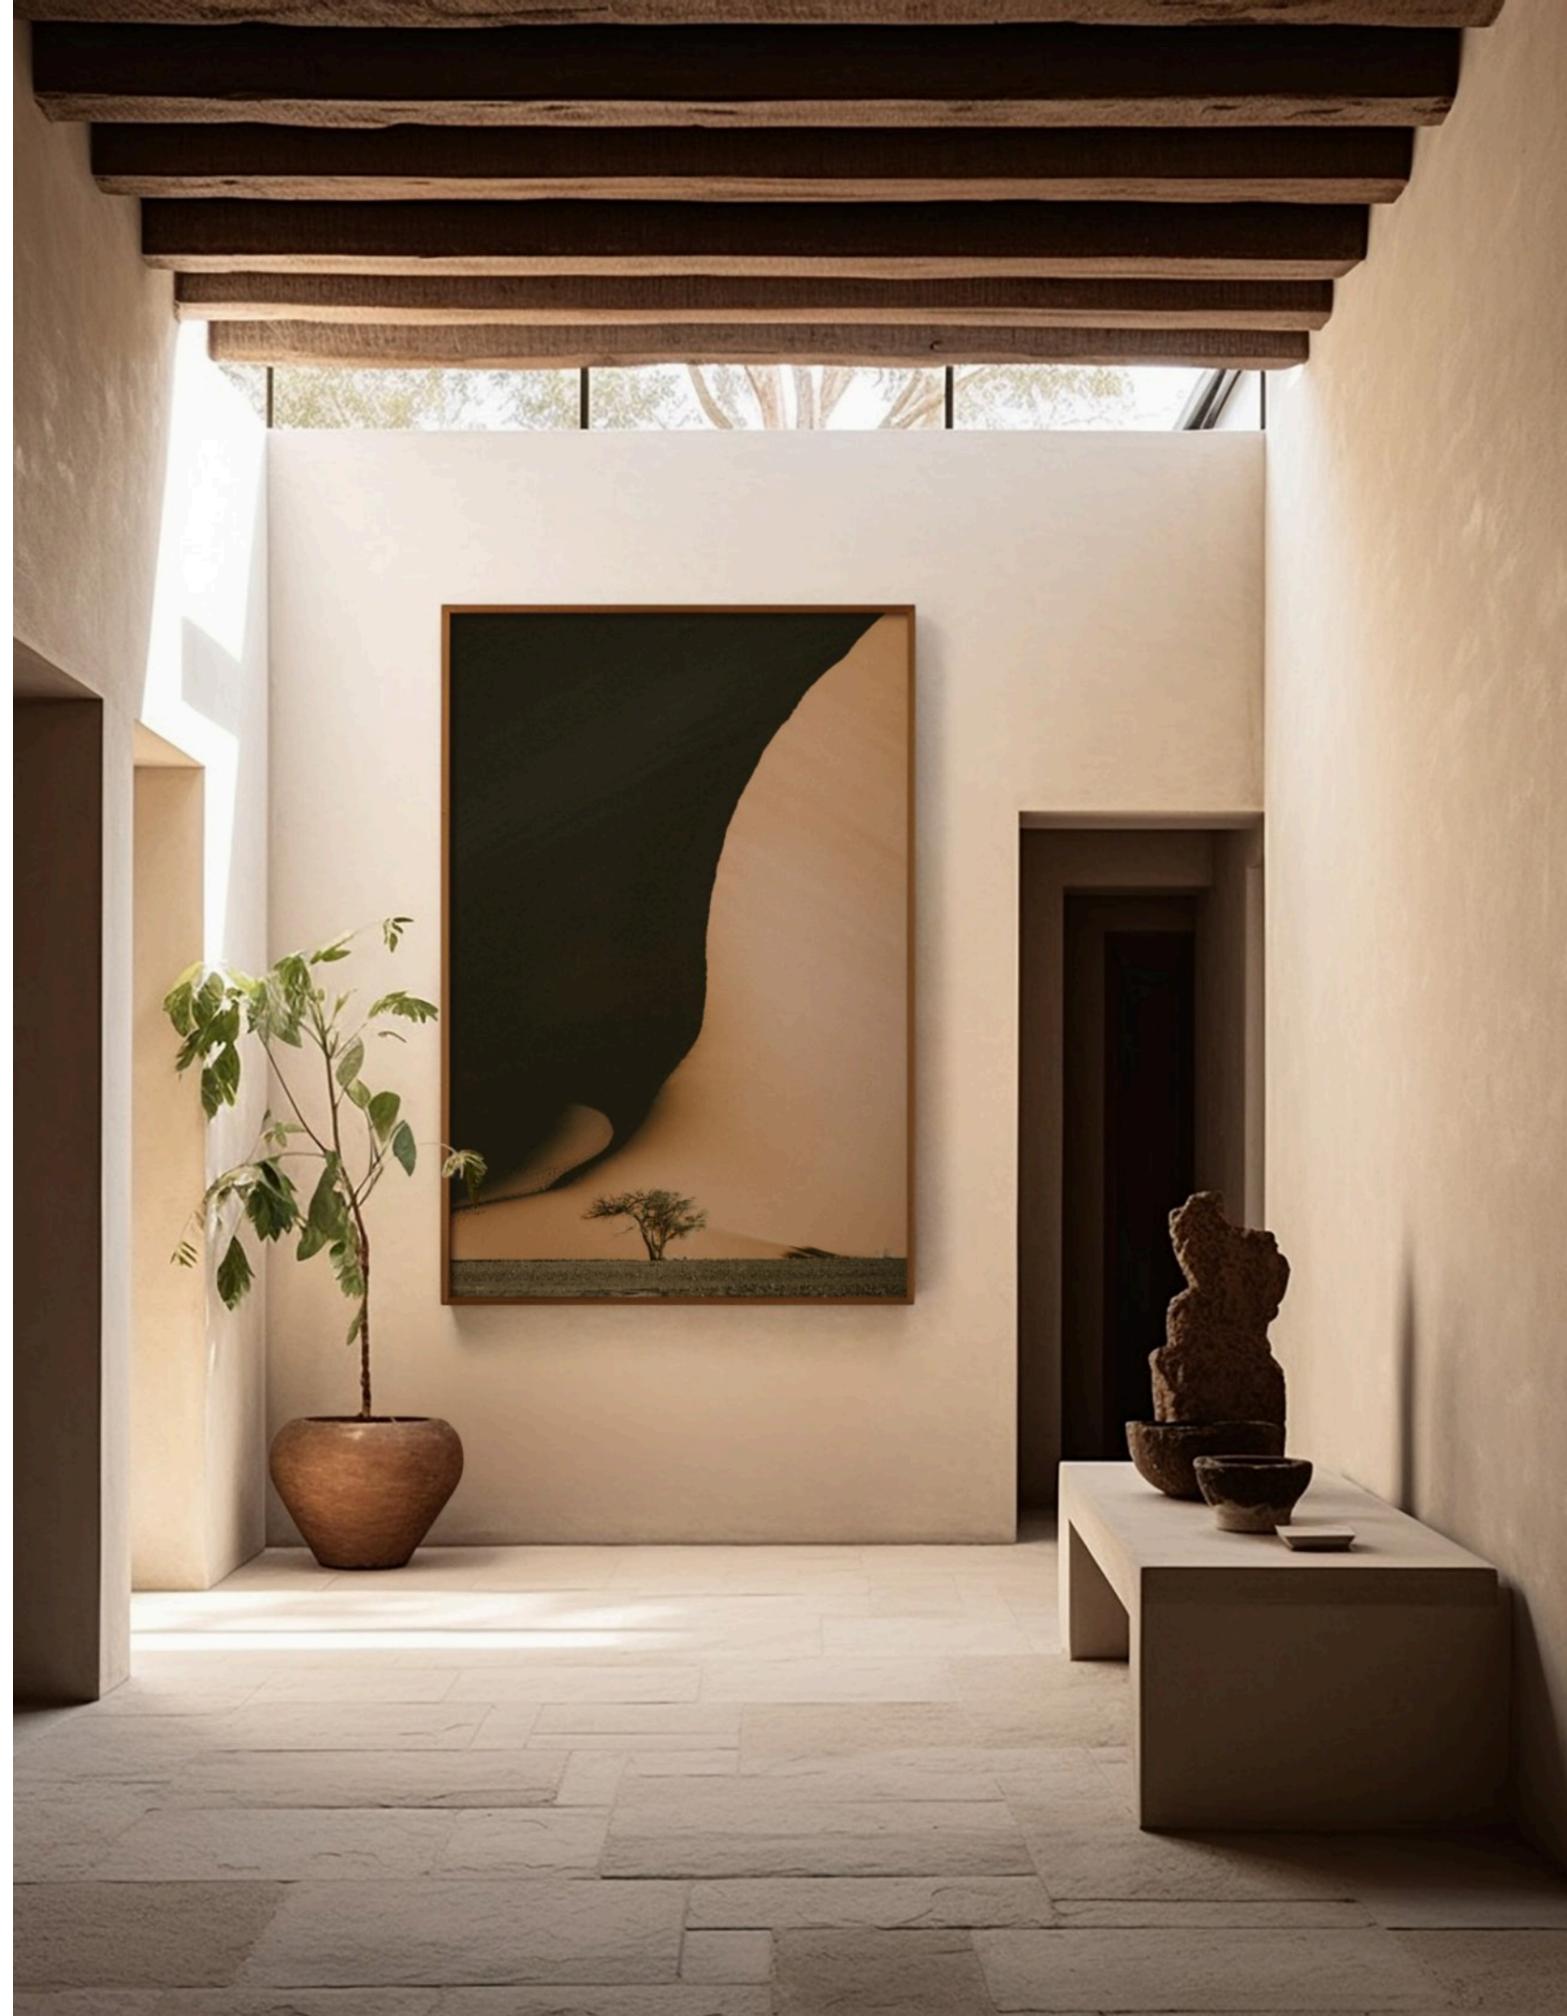

When I photograph people, I focus on their natural essence, capturing them as part of the world around them rather than apart from it. I'm drawn to moments where they feel connected to nature, grounded and in harmony with their surroundings.

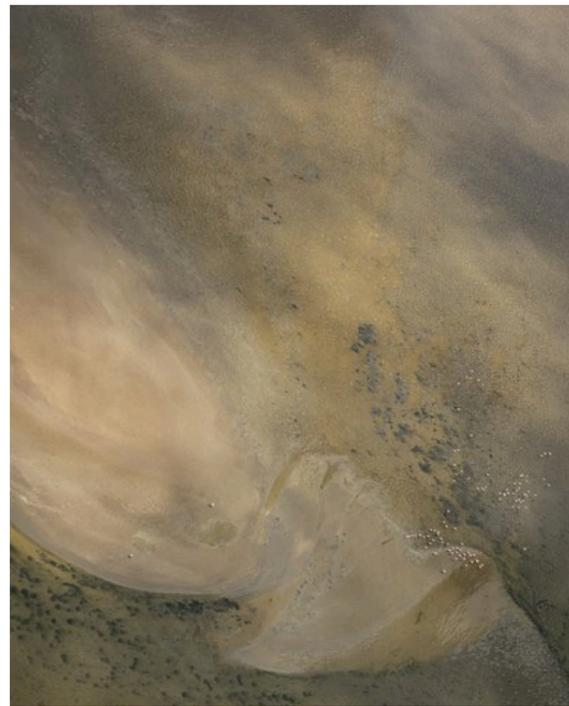

# ART PRINTS

Bring the spirit of nature and the beauty of the world into your spaces with high-quality fine art prints designed for hospitality environments. Each piece is carefully selected to convey atmosphere, emotion, and a sense of place.

More than decorative elements, these works create moments where time slows down – inviting guests to feel calm, openness, and quiet awe. Printed on premium materials, they elevate interiors while offering a lasting sense of connection, tranquility, and understated luxury.
